

LIGHT ward rounds trolley

The LIGHT Rounds Trolley can act as your reliable partner on ward rounds. This nimble trolley for rounds lets you navigate narrow corridors and patient rooms with ease.

Advantages:

- Steady build – perfectly suited for moving around and turning quickly
- Excellent handling and stability, and easy to manoeuvre.
- Ample work surfaces with antibacterial coating
- Easy to move around with large handles on all sides
- Height-adjustable with no fixed levels ensuring ergonomic working conditions
- Can be fitted with a universal VESA monitor holder
- Secure and well-organised cable system
- Bright red brake switch for improved safety
- Accessories can be combined to suit individual needs
- Space-saving keyboard tray
- Mouse mat – suited to both left and right-handed users
- Work comfortably either sitting or standing
- Designer base shelf provides more room for legs
