

Nursing trolley ISO

This combination of large care trolley and all-in-one computer is ideal for use in treatment rooms or wards. Thanks to the FlexLine system, it offers countless configuration options.

Advantages:

- Secure and space-saving keyboard drawer, offers space for keyboard and mouse
- No cable clutter, all cables are safely stowed away
- Generous storage space for consumables and more, customised drawer configuration possible
- Fully customisable accessories such as waste bag holder, disinfectant or glove dispenser, risk waste bin or side pull-out shelf
- Top plate equipped with a silicone protective edge to prevent documents from falling during transport
- Easy to manoeuvre, can be fitted with various swivel castors, e.g. electrically conductive castors
- Can be equipped with various locking systems
- With universal VESA monitor holder
