

Nursing Trolley MAX

Don't settle for anything less – by choosing this nursing trolley, you will be getting a highly-durable and robust trolley that can be reconfigured over time to meet your changing needs.

Advantages:

- Generous storage space for transporting medications and materials
- Personalised configurations, thanks to the Wiegand® FlexLine system
- Can be equipped with a range of locking and closure systems
- Compact and easy-to-manoeuvre – perfect even when space is tight
- Easy to move around with large handles on all sides
- Height-adjustable without set levels – suited to workers of any height
- Available with a universal VESA monitor holder
- Pull-out sections for keyboard and mouse (for left and right-handed users)
- Individual add-ons available, such as pull-out work surfaces on the side
- Can be integrated with an anaesthetics drawer
- Can be fitted with doors or drawers
- Available with profile side panels and pull-out work surfaces
- Door and drawer panels available in a range of colours

Would you like to use existing IT solutions?

No problem! We offer customised energy systems for thin clients, laptops and more. Contact us at kundendienst@wiegand.ch and we will support you in finding a solution.
